

# Cal OES Daily Situation Report

## November 3, 2022

The original boundary of Sequoia National Park did not encompass the General Sherman Tree and the surrounding Giant Forest, but instead another grove miles to the south, Garfield Grove. This grove burned with mixed intensity in the 2020 Castle Fire.

# Weather Key Points

Regional Operations Center

Western Region

Thursday, November 3

- Lingering showers will continue in some locations Thursday, but the most significant precipitation of the event has ended for most areas of the state
  - Most areas will be dry on Thursday, but some locations could see 0.1-0.33 inches of additional precipitation, primarily in the southern mountains
    - No significant or widespread burn scar impacts are currently expected
  - Snow levels have dropped to around 4,000 feet Thursday morning
    - An additional 1-3 inches of snow is possible in some mountain locations Thursday, but the most significant snowfall for this storm has already ended as of Thursday morning
  - Portions of Southern California will see wind gusts of 35-55 mph through Friday, especially across the mountains, with periods of lower visibility in blowing snow.
    - Outside of precipitation, elevated fire weather conditions are possible with the combination of gusty winds and dry conditions
- Additional storm systems will likely impact the region Saturday through Wednesday, bringing additional valley rain and mountain snow to much of the state.
  - Locally moderate to heavy rain is possible Saturday into Sunday, especially near the Oregon border
    - This rainfall could lead to ponding of water on roadways, but no significant or widespread burn scar impacts are currently expected
  - Heavy mountain snowfall is likely, especially in the Sierra on Monday into Tuesday

# Precipitation Forecast

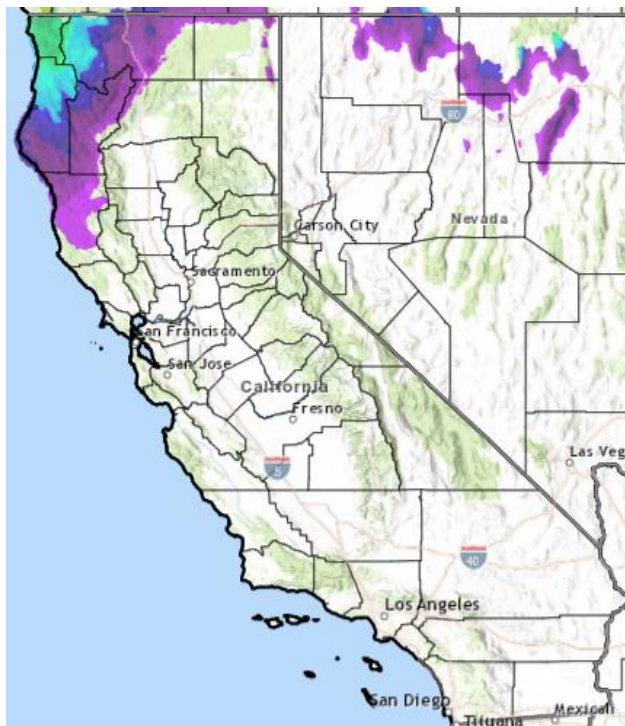

Regional Operations Center

Western Region

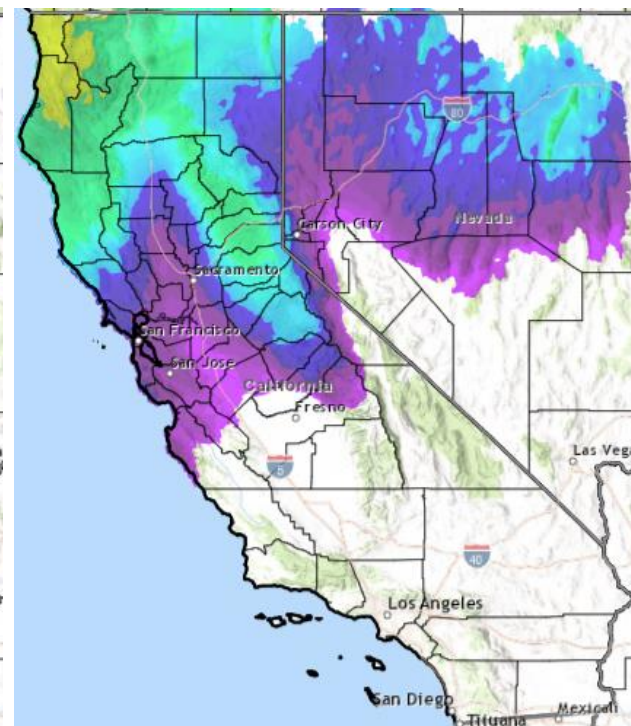

Thursday, November 3

Thursday

Friday

Saturday

**Important Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms will produce locally much higher rainfall amounts.

**Precipitation (inches)**

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Thursday, November 3

## **6-10 Day Outlook (November 8 - 12)**

### **Temperatures**

- Below normal temperatures are favored to continue statewide

### **Precipitation**

- Above normal precipitation is favored across the state

## **8-14 Day Outlook (November 10 - 16)**

### **Temperatures**

- Below normal temperatures are again favored across the state

### **Precipitation**

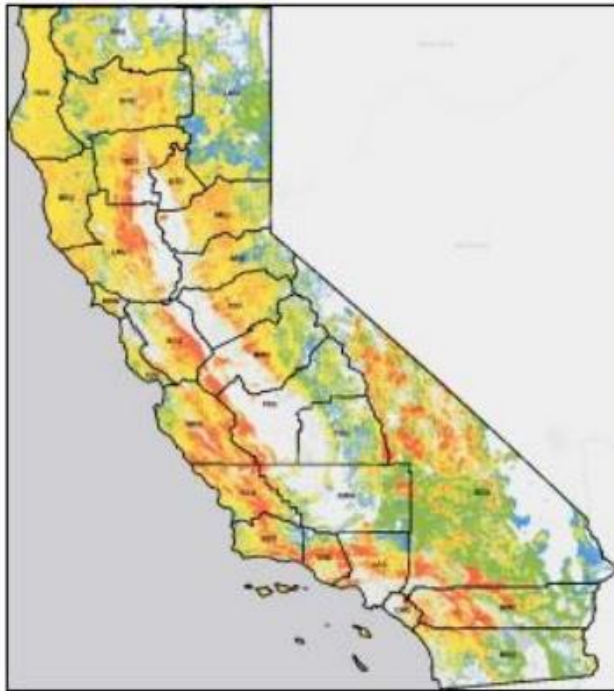

- Above normal precipitation is favored across the northern half of the state, with near normal precipitation favored across the southern half

## SITUATION SUMMARY

### Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

#### 2022 May Monkeypox Virus

On 08/01/22, the Governor proclaimed a State of Emergency to support the State's response to Monkeypox. A copy of the proclamation can be found [here](#).

The California Department of Public Health (CDPH) activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May Monkeypox Virus event on 05/24/22; and increased the activation to Level 2 on 07/18/22.

- Hours of Operation: Monday to Friday, 0800 hours to 1700 hours until further notice.

#### Early November Storm Event

Periods of rain, mountain snow, gusty winds, and much cooler temperatures are expected across the majority of the state through Thursday as a cold storm system moves through the Western U.S.

- See attached SitCell Incident Report for additional details.

#### Emergency Management Assistance Compact (EMAC)

- Nothing significant to report.

#### Cal OES INLAND REGION

- Monitoring the incoming storm event scheduled for 11/1/22 - 11/3/22. Additional updates will be provided if conditions escalate.

#### Cal OES COASTAL REGION

- Monitoring the incoming storm event scheduled for 10/31/22 - 11/3/22. Additional updates will be provided if conditions escalate.

#### Cal OES SOUTHERN REGION

- Monitoring the incoming storm event scheduled for 11/2/22 - 11/4/22. Additional updates will be provided if conditions escalate.

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated at Level 1 in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 10/17/22, Governor Newsom unveiled the "[California Smarter Plan Updates October 2022](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions. Governor Newsom is set to lift the State of Emergency in early 2023, and this update provides information on California's progress to date and how we move forward.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 10/26/22 at 1630 hours:**

- 10,499,008 total confirmed cases.
  - 22,066 Delta
- 96,068 total deaths.
  - 260 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-83073, 10/20/22:** Annual Sikh Parade and events. Yuba City, Sutter City. 36 APX HTs for LEMA are being deployed on 10/20/22. Event dates are November 4 – 6. Communications Coordinator is coordinating.
- **2022-LAW-83604, 11/02/22: 0354 Hours:** The AFRCC contacted CalOES regarding a PLB activation in Anaheim with an accuracy of 2 miles (33.839980, -117.883315). The device has been sounding since 12pm yesterday. The CalOES LDO contacted the registered owner who advised the PLB was affixed to a life raft that was attached to an aircraft that he sold back in August of 2021(Tail # 306TT). The R/O advised he was in Chicago and believed the new owners were in California. He believed that the new owners did not re-register the devices assigned to the aircraft. The AFRCC was going to contact the Civil Air Patrol and see if they could assist with locating the aircraft and silence the device. CAP launched an aircraft and believe they located the device in a recycling facility but since the business was closed they plan to return the following day (11/03/22). **Mission Ongoing.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- Nothing significant to report.

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
